

Product Handling Information Sheet

Durostone® CAG 762

1. Company				
Name/Address		Röchling Industrial Nancy S.A.S.		
		8, Rue André Fruchard • 54520 B.P.12, Maxéville/France (FR) • Tel. +33 383 342424		
		info@roechling-permali.fr • www.roechling.com/industrial/nancy		
2. Product details				
Product/Article		Technical semi-finished product or machined part		
Abbreviated terms		GFK-EP		
Material Characterisation		Glass-fiber reinforced epoxy resin in hardened condition		
Main Components		glass-fiberepoxy resinfillersadditives		
Components Subject to labelling		none		
Classification according to REACh		Article		
Notes		_		
3. Product characteristics				
Form/State		• firm		
Color		-		
Odour				
Density		_		
Melting range		_		

3. Product characteristics	
Thermal decomposition	-
Flash point	None, with intended use
Ignition temperature	
Notes	-
4. Danger warnings	
Special Risks For Mankind And Th Environment	e none
Notes	According to IARC glass fibre filaments cannot be classified as carcinogenic with humans (IARC group 3). The diameter of the glass fibre filaments which are used in this laminated material is outside of the lung-usual range from 3 µm so that the danger of chronic lung damage is minimal. The diameter or the used glass fibre filaments amounts to 5 – 16 µm (typical 12 µm). Their diameter is not reduced by treatment of these fibres, i. e. it's potential lung freedom of movement does not increase.
5. Handling and Storage	
Handling	 Product can be worked with conventional machines and tools. For the machining special tools should be used such as tungsten carbides drill / PKD or diamond-equipped tools.
Storage	 horizontally dry protected against frost protected against climatic influences
Safety measures	 Provide effective dust extraction when processing and machining. Carry protective mask and protective goggles at dusty condition.
Shelf Life	
Notes	_
6. Transport	
Transport	 Non dangerous goods according to the transport regulations. Secure against slipping.
Finished Product Packing	

7. Fire – fighting measures Suitable extinguishing agents • water • sand • foam • CO2 Potential combustion products • CO • CO3 • other toxic gases Necessary protection equipment • Complete protection equipment for fire-brigade. Notes	7. Fire – fighting measures Suitable extinguishing agents • water • sand • foam • CO 2 Potential combustion products Notes Necessary protection equipment Notes

Information about REACh

According to EC directive 1907/2006/EC (REACh), Article 3, no.3 our products are clearly defined as articles, exempt from registration. The EU regulation about chemicals no. 1907/2006 (REACh), which came into force 01 st of June 2007, prescribes Material Safety Data Sheets only for dangerous substances and preparations. According to REACh we are manufacturing articles and, therefore, not required to issue safety sheets.-
