

Product Handling Information Sheet

Maywotron® PS P

1. Company			
Name/Address	Röchling Industrial Allgäu GmbH Hinter den Gärten 20 • 87730 Bad Grönenbach/Germany (DE) • Tel. +49 8334 9857 0 info@roechling-maywo.de • www.roechling.com/industrial/groenenbach		
2. Product details			
Product/Article	Technical semi-finished product or machined part		
Abbreviated terms	PS		
Material Characterisation	Thermoplastic		
Main Components	polystyrenecontains polyether block amides (PEBA)		
Components Subject to labelling	none		
Classification according to REACh	Article		
Notes			
3. Product characteristics			
Form/State	• firm		
Color	-		
Odour	nearly odourless		
Density	1,06		
Melting range	>170°C		
Glass transition temperature	-		
Thermal decomposition	≥ 300°C		
Flash point	-		

Before machining the product should have ro stored for min. 24h under normal climatic cor	oom temperature and/or to l
4. Danger warnings Special Risks For Mankind And The Environment Notes - 5. Handling and Storage Handling • Product can be worked with conventional more enactioning the product should have restored for min. 24h under normal climatic constants.	oom temperature and/or to l

10. Information about REACh	10 Information shout PCAC				

Information about REACh

According to EC directive 1907/2006/EC (REACh), Article 3, no.3 our products are clearly defined as articles, exempt from registration. The EU regulation about chemicals no. 1907/2006 (REACh), which came into force 01 st of June 2007, prescribes Material Safety Data Sheets only for dangerous substances and preparations. According to REACh we are manufacturing articles and, therefore, not required to issue safety sheets.
