

SustaPEEK tubes: Order now ex stock Large dimensions, low wall thicknesses, material-saving production

We provide an extensive variety of **tubes** made of high-performance **SustaPEEK**: we offer tubes with very **large** and **small diameters**, and with very **low** and **high wall thicknesses** for different application fields and individual requirements:

- Outer diameter: 20 - 260 mm
- Inner diameter: 10 - 180 mm
- Length: max. 3,000 mm
- Many dimensions direct ex stock

Material-saving production

SustaPEEK tubes save material in the production of **seal rings**, **retaining rings** and **bushings**. SustaPEEK, produced with VICTREX™ PEEK, is ideal for applications that require excellent mechanical, thermal and wear-resistant properties.

Updated capabilities and stock range for SustaPEEK tubes, rods and sheet can be accessed on our website.
