

### **Lewis H. Carter**

**President Business Unit Medical Plastics  
Medical Division**

Lewis H. Carter earned a Bachelor of Science in business administration at West Virginia University. He entered the professional world with an internship in 1984 at Röchling Engineering Plastics in Haren, Germany. He subsequently began his formal career as Sales Engineer at Röchling Machined Plastics in Latrobe, Pennsylvania, ascending to Managing Director in 1988. In 1989, in addition to his duties at Röchling Machined Plastics, Carter was appointed President of Röchling Engineering Plastics in Gastonia, North Carolina. Carter also became President of Advent Tool & Mold Inc., Rochester, New York, in June 2012.

In September 2015, Carter assumed the President position of the Business Unit Medical Plastics. In this role, he is currently managing all Life Science entities under the Röchling Medical umbrella.
