

## **Uwe Kassens**

**Director Business Unit Composites  
Industrial Division**

After graduating from high school, Uwe Kassens completed a vocational training as shipping businessman. In addition, he received a graduate in business administration at the DAV (Foreign Trade and Commerce Academy) in Bremen 1990. In 1991, he joined the Röchling Group, where he was initially responsible for composite export sales. He assumed additional responsibilities in 1997 in composite profile sales and participated in the expansion of the pultrusion activities in Haren.

In 2007, he became commercial director of the Business Unit Composites and since 2012, he leads the Business Unit Composites activities, where all Lignostone (laminated compressed wood) and Durostone (glass and carbon fibre reinforced plastics) activities are merged.
