

Spring is going to be colourful!

More colour variety in playground design

Spring is coming and with it our world is going to be colourful again. Flowers sprout in all colours. Bright blue sky and shiny green as far as the eye can see. It is easy to feel the urge to try new things.

With Play-Tec® you can give your creativity in playground design free reign. Our creative construction sheet has proven itself for many years in the construction of playground equipment. It meets the strictest safety requirements, is weather-resistant, colour-stable and available in numerous colours and colour combinations. **We would now like to offer you the opportunity to easily test new colours:**
